

DIGIEVER AI (Metadata) Device Compatibility List

The list is applied for DIGIEVER NVR firmware 81 version or later

Update: Nov 2025

- Supported by both NVR & device
- \* Supported by NVR but not supported by device
- ▲ Support by device but not supported by NVR
- X Not supported by both NVR & device

AI Device		NVR	
		Support	Not Support
		●	▲
	Support	●	▲
	Not Support	*	X

Supported Metadata Event No. :

1. Motion Detection

2. Intrusion Detection

3. Loitering Detection

4. Cross Line Detection

5. Audio Detection

6. Missing Object Detection

7. Tampering Detection

8. Foreign Object Detection

9. Restricted Zone Detection
10. Shock Detection

11. Face Detection

12. Object Status Change Detection

13. Social Distance Detection

14. Smart Tracking Detection

15. Running Detection

16. Illegal Parking Detection

17. Digital Input

18. Advanced Motion Detection
19. Region Entrance Detection

20. Region Exiting Detection

21. No PPE Detection

22. Forklift No PPE Detection

23. Stopping Detection

24. Stay & Go Detection

25. Crowd Detection

26. Hand & Foot Intrusion Detection

27. Intentional Body Gaze Detection
28. Fallen Person Detection

29. Aggressive Detection

30. Bullying Detection

31. Imminent Threat Detection

32. LPR Detection

33. Animal Detection

34. Fire & Smoke Detection

35. Zone Counting Threshold Detection

36. Multi Zone Counting Threshold Detection

Supported in the NVR latest version		Metadata																										
Brand	Camera Model	People										Car		Face								Event		Remark				
		Top			Bottom			Cap		Bag		Height	Color	Type	Gender	Age (support with different age range)				Headwear	Mask	Glasses	AI Search		Event Notice			
Color	Length	Type	Color	Length	Type	Yes/No	Type	Yes/No	Type	Young	Adult					Middle	Senior

Note:

1. NVR supports AI Event Notice for AI Box Devices: EdgeDX AIB-TS2-08, Hanhwa AIB-800

Please follow below steps to set up: [Add cameras into NVR](#) > [Configure Video Stream in AI BOX](#) > [Set up Event Rule in AI Box](#) > [Enable Event Action on AI Box](#) > [Add AI Box Device into NVR](#) > [Set up Event & Action in NVR](#)
